## *Clause 5.3. Environmental Policy*

### ***ISO 14001:2004, Clause 4.2, ISO / PAS Clause 4.1.6 e***

The policy of SG'S is to attain and maintain high standards of environmental performance and to this end the Company will pursue continual improvement from year to year. To this end we have made a commitment to an Environmental Management System meeting the requirements of ISO 9001:2015 and as such SG'S will ensure, so far as is reasonably practicable, that we:

- Understand and comply with all necessary environment legislation and operate to the best practices of the industry.
- Assess the environmental impacts of our operators. For example, from the use of work equipment and materials to the collection and ultimate disposal of wastes.
- Employ a consistent framework for the management of environmental issues during our operations.
- Reduce waste, conserve energy and explore opportunities to re-use and recycle.
- Endeavour to develop innovative processes that can reduce levels of environmental impact.
- Collaborate with our suppliers and clients to establish a greater environmental awareness.
- Remain alert and responsive to developing issues, knowledge and public concern.
- Ensure that our employees and contractors are aware of the Environment Policy and are motivated to apply it.
- Ensure that our employees and contractors are aware of their own responsibilities and that they are given the support, information, instruction and awareness training necessary to fulfill them.
- Emphasise that the company's focus is on pollution prevention rather than abatement.
- Choose materials and resources with regard to their long-term sustainability.
